

*“Linking You to Your Community”*

*“A fantastic opportunity to feature your business while supporting a very unique, growing and family oriented Cleveland area service!”*

## **Community & Complete Site Sponsor Opportunities**

Launched in 2001 for just Brunswick, we've grown dramatically and in the process, created one of the most unique web-sites for Cleveland and its area suburbs with nothing else like it! A web-site that already maintains thousands of photos of area businesses and the area in general as well as specific photos and features of area landmarks, events and attractions. Not to mention the countless links to many northern Ohio businesses, cities, products, services and some historic information too! And we must be doing something right as a number of cities, publications, schools, real estate companies & area corporations use our photos plus reference and link to us too. In fact, we now average over 100,000 page views every month with many compliments on our unique idea! Even Hollywood's used our photos in their movies featuring Cleveland! Now that's exciting!

With that said, we're in the process of redoing, updating and photo enhancing (big time!) every community in our service. We are completely redoing every page and every community we feature by photo enhancing every one of them with many new pictures and a fresh new look! All town links to city services, schools and utilities are all being updated and featured/sponsor businesses are all being updated too. That's why we're here and what brings us to your business with this great opportunity!

**PlacesInTown.com** is looking for a few business sponsors per community. The first two businesses per community that sponsor their community at \$495 each, will be featured businesses and sponsors of their community for three years straight! We'll feature your business photo and link directly to your web-site. Don't have a web-site, we'll create a web-page for you and take and include no less than 20 photos of your business. In other words, as a photo's worth 1,000 words, we'll be saying A LOT about you in our service! It's a win-win-win for everyone and the best promotional opportunity you can find!

If you want maximum exposure, **PlacesInTown.com** is looking for a few complete site sponsors that want to be featured and linked on every community home page plus on our main **PlacesInTown.com** home page too! Your investment of \$2,995 will insure you the maximum promotion of your business we have to offer for three years straight plus, as a bonus, we'll feature your logo on every brochure we distribute and every print advertisement campaign we conduct. Again, it's a win-win-win proposition for everyone and a great, long-term value for your advertising and promotional budget.

**PlacesInTown.com** is **the only family oriented service of its kind** in the entire Cleveland area with no equal! Call Rob Butler at 216-403-1901 for more information and to become one of our sponsors soon. New photos of every community are being taken as soon as the flowers & trees start to bloom so call us today and let us start *“Linking You to Your Community”*! (Only a \$95 deposit holds your sponsorship until your photos & community are complete.)
